

L'unico Club al Mondo a portare il nome di Enzo Ferrari

#LIVEYOURFERRARIPASSION

Modena, 03/04/2020

Dear Friends,
it's been over a month now that we don't talk to all of you, we would really like to meet you, however, it's true, at the moment not for our sake,

#WEAREALLSTILL #BUTWEARENOTMOTIONLESS

As you may well have learned, the "Ferrari Mother House" is still in its many activities probably until after Easter; we take this opportunity to send you and your families the best wishes for a Holy Easter of health, peace, love and back to normal.

Our work for you does not stop, and we think for the after "sanitary emergency."

We are completing our News Bulletin of the 2019 events.

Furthermore, we are organizing to offer you a new unpublished "**monograph**", with the precious collaboration of our partner and author Alberto Brancolini, who will talk about "Ferrari", and which will be the continuation of the two already presented:

2018 ENZO FERRARI & L'ALFA ROMEO... c'eravamo tanto amati

2019 ENZO FERRARI & LA SUA SCUDERIA... l'inizio della Grande Avventura

We have not forgotten to celebrate, even if at a distance, the 122nd anniversary of the birth of "Enzo Ferrari" and we have not forgotten the first member of the year who registered, which we thank in preview here; thanks also mentioned in the 2019 News Bulletin.

All this, unfortunately, is inevitably slowing down for all activities, but it is only postponed.

If you have any questions, if you have any proposals to suggest to us, we will be happy to answer you, so we can keep in touch.

Soon we will have the joy of "embracing" and cheering for our "PASSIONE ROSSA" which even in periods of standstill NEVER goes out.

Thanks to all of you who are our driving force, this is it **#ESSEREFERRARI**
